We thought it might be a good idea to have a check-in amongst this group to make sure we keep things moving and nothing falls through the cracks. When Mike Nye returns to the office, he may want to setup a reoccurring meeting but, for now, here's what needs to be discussed/updated:

- Status of CRADA
  - o Responses to the CRADA notice from interested parties? Deadline was Aug 18
  - o Revising SOW base on WaterGen visit to Cincinnati last week
  - o Any legal issues that need to be worked out?
- MTA
  - o Identifying system(s) to be delivered to Cincinnati lab
  - o Next steps?
- NDA
  - o Sent to WaterGen?
  - o Who must review/sign?
